

A blank template for a dichotomous key. It consists of a central vertical line. From the top of this line, a horizontal line extends to the left. From the top of the central line, a diagonal line goes up and to the right, leading to a horizontal line. From the bottom of the central line, a diagonal line goes down and to the right, leading to a horizontal line. This pattern repeats, creating a total of eight terminal horizontal lines for classification criteria. The background is a light blue grid.
