The pedigree chart is a horizontal tree structure. It begins with a single line on the left, which splits into two main branches. Each main branch further divides into two sub-branches, resulting in a total of eight terminal lines on the right side. The lines are thin and black, set against a light blue background with a repeating diamond pattern. The chart is designed to record the lineage of a dog, with the top branch likely representing the sire and the bottom branch representing the dam.
