Male

The pedigree chart is a horizontal tree diagram. It starts with two main horizontal lines on the left, representing the parents. Each of these lines branches into two lines, representing the grandparents. Each of these four lines branches into two lines, representing the great-grandparents. This structure allows for recording three generations of ancestry. The lines are thin and black, set against a light blue background with a repeating pattern of small, stylized dog silhouettes. The chart is framed by a decorative border at the top and bottom, consisting of a repeating pattern of small, stylized dog silhouettes.
