

PEDIGREE

SPINNER RAIDER

American Foxhound
Male

SNOWMAN RAIDER

The pedigree chart for Spinner Raider is a horizontal tree diagram. It starts with a single line on the left labeled 'SNOWMAN RAIDER'. This line branches into two lines that meet at a point. From this point, two lines branch out to the right, each leading to a pair of horizontal lines representing offspring. This structure repeats, with the two lines from the first split branching into four lines, and the four lines from the second split branching into eight lines.
