The pedigree chart for Danny's Tennessee Archie is a horizontal tree diagram. It starts with a single line on the left labeled 'CHIPOFF AUTENS KEYSTONE'. This line splits into two branches. The upper branch splits again into two, and the lower branch splits into two. Each of these four branches then splits a third time into two, resulting in eight final branches on the right side of the chart. The background of the chart area features a faint, repeating pattern of the words 'Gundog Central'.
