

Labrador Retriever
Female

The image shows a blank template for a dichotomous key. It features a central vertical line that branches out into two main paths. Each path consists of a series of horizontal lines, with the first line being the longest and subsequent lines being shorter, creating a stepped appearance. The background is filled with a repeating pattern of the text "Dichotomous Key" in a light blue color, oriented diagonally. The template is designed to be used for creating a dichotomous key for a specific group of organisms.
