HRCH GUMBEAUX JH

The pedigree chart is a horizontal flow diagram. On the left, two parent names are listed: 'HRCH GUMBEAUX JH' and 'JAVA JH'. From each parent, a line extends to the right and then splits into two diagonal lines, representing the inheritance of traits. These lines then merge into a single horizontal line that splits again into two diagonal lines, which finally merge into a single horizontal line on the far right. This structure allows for the recording of offspring traits from the parents' genetic contribution.
