FTCH HOMETOWNE WILLARD

The pedigree chart is a horizontal tree diagram. It starts with two parents on the left: FTCH HOMETOWNE WILLARD (top) and MOUNTAIN EVENS KDLANG(USA) (bottom). Lines from these parents meet at a central point, which then branches into two lines leading to the first generation of offspring. Each of these two lines further branches into two lines, resulting in a total of eight offspring slots on the right side of the chart. The lines are solid black and form a clear, symmetrical tree structure.
