

Beagle
Female

A blank template for a dichotomous key. The template features two main branching paths on the left side, each leading to four terminal lines on the right side. The background is a repeating geometric pattern of interlocking triangles in light blue and white. The branching paths are represented by black lines that split and then merge, creating a symmetrical, tree-like structure. Each path starts from a single line on the left, splits into two, and then each of those splits into two more, resulting in four terminal lines for each main branch. The terminal lines are horizontal and extend to the right edge of the page.
