SS09894910

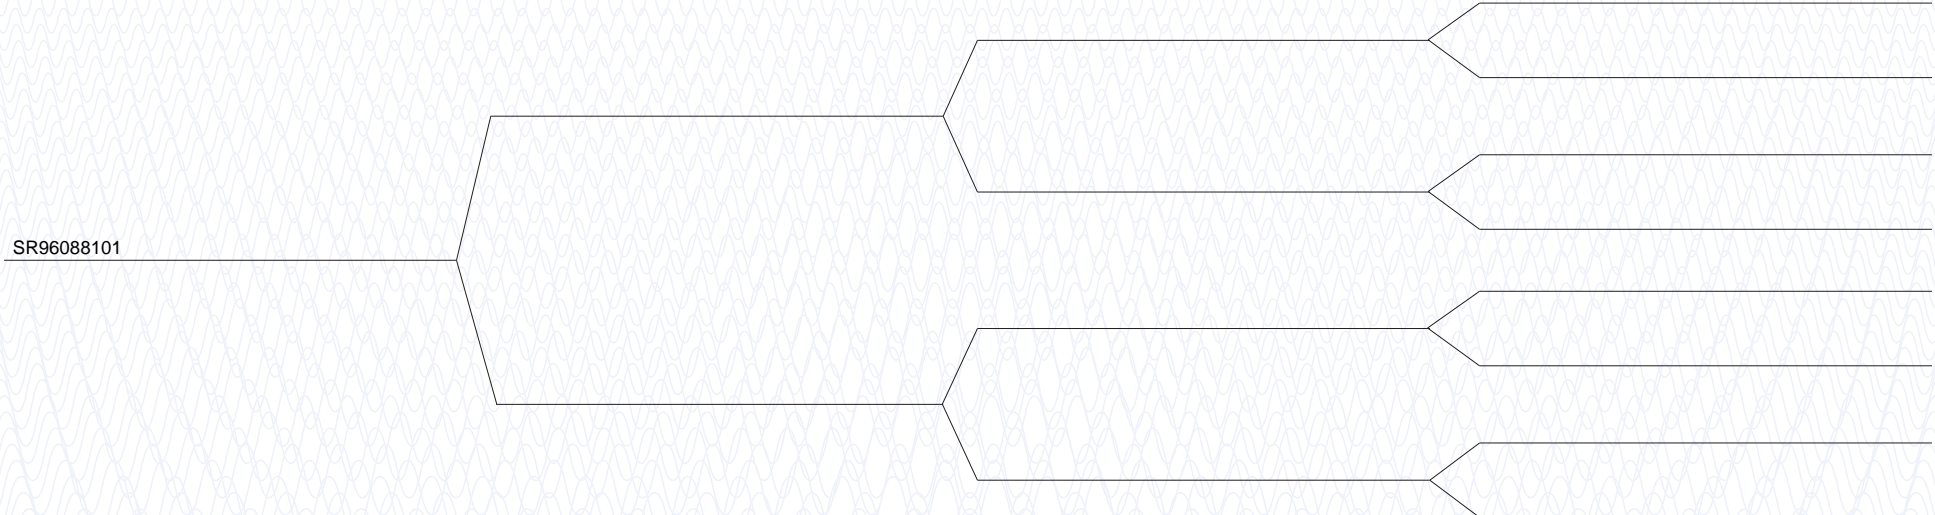

Chesapeake Bay Retriever
Male

SR87131001

A pedigree chart for the dog SR87131001. The chart shows a single horizontal line on the left representing the dog. This line branches into two diagonal lines that meet a vertical line. From this vertical line, two horizontal lines extend to the right, representing the parents. Each of these horizontal lines then branches into two diagonal lines that meet another vertical line. From each of these two vertical lines, two horizontal lines extend to the right, representing the grandparents. This structure allows for recording the names and details of the dog's parents and grandparents.
