```

The pedigree chart for Palmer's Surracho Pete is a three-generation diagram. The first generation (I) consists of two individuals: Palmer's Playmor Surracho (male, indicated by a square) and an unnamed female (indicated by a circle). They are connected by a horizontal line. The second generation (II) shows the offspring of the first generation. From the male parent, there are two lines leading to two female offspring (circles). From the female parent, there are two lines leading to two male offspring (squares). The third generation (III) shows the offspring of the second generation. From the first female of the second generation, there are two lines leading to two male offspring (squares). From the first male of the second generation, there are two lines leading to two female offspring (circles). From the second female of the second generation, there are two lines leading to two male offspring (squares). From the second male of the second generation, there are two lines leading to two female offspring (circles).
