

PEDIGREE

BUTTE VIEW'S OKTOBERFEST KEGGER

Wirehaired Pointing Griffon
Male

The pedigree chart is a horizontal tree structure. It starts with a single line on the left, which branches into two lines. Each of these lines branches into two more lines, resulting in a total of eight lines in the third generation. Each line is represented by a horizontal line with a diagonal line connecting it to the next generation. The chart is designed to be filled out with the names and details of the dogs in the pedigree.
