

100% ENGLISH SPRINGER SPANIEL

The diagram illustrates the genetic composition of English Springer Spaniels, branching from a single root into multiple sub-populations and their constituent breeds. The structure is as follows:

- 100% ENGLISH SPRINGER SPANIEL**
 - 100% ENGLISH SPRINGER SPANIEL**
 - 100% ENGLISH SPRINGER SPANIEL
 - 100% ENGLISH SPRINGER SPANIEL
 - 100% ENGLISH SPRINGER SPANIEL**
 - 100% ENGLISH SPRINGER SPANIEL
 - 100% ENGLISH SPRINGER SPANIEL
- 100% ENGLISH SPRINGER SPANIEL**
 - 100% ENGLISH SPRINGER SPANIEL**
 - 100% ENGLISH SPRINGER SPANIEL
 - 100% ENGLISH SPRINGER SPANIEL
 - 100% ENGLISH SPRINGER SPANIEL**
 - 100% ENGLISH SPRINGER SPANIEL
 - 100% ENGLISH SPRINGER SPANIEL

The diagram shows a total of 10 branches, each representing a 100% English Springer Spaniel population, which further divides into two sub-populations, each of which then divides into two individual breeds, resulting in a total of 16 terminal nodes.
