

PEDIGREE

SHOW ME CHARLIES GOLDEN TICKET

Boykin Spaniels
Male

The pedigree chart is a horizontal flow diagram. It starts with a vertical line on the left, followed by a horizontal line, then a diagonal line down to a horizontal line, and finally a diagonal line up to a horizontal line. Each of these four horizontal lines has two more horizontal lines branching off to the right, creating a total of eight final horizontal lines for names. The background features a faint, repeating pattern of the words 'Boykin Spaniels' and 'Male' in a light blue color.
