## SASHA DU YOUNGS

American Brittany  
Female

NOVA DE FELICIANA

The pedigree chart for Sasha Du Youngs is a three-generation tree. The root is 'NOVA DE FELICIANA' on the left. A horizontal line extends from her name to a vertical line. From this vertical line, two diagonal lines branch out to the right, meeting a horizontal line. From this horizontal line, two diagonal lines branch out to the right, meeting another horizontal line. This structure repeats for a second generation, with two diagonal lines from the first horizontal line meeting a second horizontal line, and two diagonal lines from the second horizontal line meeting a third horizontal line. The final generation consists of two horizontal lines, each preceded by a diagonal line from the second horizontal line of the second generation.
