

PEDIGREE

TAKEMEHOME SHIP TO SHORE

Chesapeake Bay Retriever
Male

The pedigree chart is a standard three-generation format. It begins with a single line on the left representing the subject, TAKEMEHOME SHIP TO SHORE, which is a male Chesapeake Bay Retriever. This line leads to a horizontal line that branches into two vertical lines, representing the parents. Each of these vertical lines leads to a horizontal line, which then branches into two vertical lines each, leading to a total of eight horizontal lines on the right side, representing the pedigree structure.
