

PEDIGREE

ROOSTERS COPPER PENNY

Wirehaired Pointing Griffon
Female

The pedigree chart is a three-generation chart. It consists of a central vertical line. On the left side, there are two main branches, each with a horizontal line extending to the left. On the right side, there are two main branches, each with a horizontal line extending to the right. Each of these four main branches further divides into two sub-branches, resulting in a total of eight sub-branches on the right side. The chart is set against a background of a repeating pattern of interlocking circles. The entire page is framed by a decorative border of repeating blue and white patterns.
