

PEDIGREE

KNIGHTS GOLDEN DELIGHT

English Pointer
Female

A pedigree chart template for an English Pointer Female. The chart is set against a light blue background with a repeating pattern of interlocking circles. The chart is framed by a decorative border of blue and white repeating patterns. The chart shows four generations of descent, starting from a single line on the left and branching out to the right. The first generation has two lines, the second has four, the third has eight, and the fourth has sixteen. Each line represents an individual in the pedigree.

The pedigree chart is a horizontal tree structure. It begins on the left with a single horizontal line. This line branches into two lines in the second generation. Each of these two lines branches into four lines in the third generation. Each of these four lines branches into eight lines in the fourth generation. Each of these eight lines branches into sixteen lines in the fifth generation. The lines are connected by diagonal lines forming a series of 'V' shapes, representing the flow of genetic information from parent to offspring. The chart is designed to be filled out with specific names and details for each individual in the lineage.
