

PEDIGREE

HORSE AND HUNT CLUB GRETTEL

German Shorthaired Pointer
Female

The pedigree chart is a horizontal tree structure. It begins with a single horizontal line on the left, which branches into two lines. Each of these lines branches again into two lines, and each of those four lines branches a final time into two lines, resulting in a total of 16 lines on the right side of the chart. The lines are connected by diagonal lines forming a series of 'V' shapes, representing the flow of genetic information from parent to offspring across four generations.
