

PEDIGREE

STORYTOWNS MAGIC SHADOW

Labrador Retriever
Male

The pedigree chart is a horizontal tree structure. It begins on the left with a single horizontal line representing the first generation. This line branches into two lines for the second generation. Each of these two lines further branches into two lines for the third generation. Finally, each of the four lines from the third generation branches into two lines for the fourth generation, resulting in a total of eight lines on the far right. The lines are connected by diagonal segments, forming a series of 'V' and inverted 'V' shapes. The entire chart is set against a background of a repeating pattern of small, stylized dog silhouettes.
