

PEDIGREE

MEGSTONE SLIP

English Springer Spaniel
Female

The pedigree chart is a horizontal diagram showing three generations of a dog's ancestry. The top generation consists of a single individual, represented by a horizontal line. This individual is connected to two individuals in the middle generation. Each of these two individuals is then connected to two individuals in the bottom generation, for a total of four individuals. Each individual is represented by a horizontal line, with a vertical line indicating sex (male or female). The chart is set against a background of a repeating pattern of the words 'English Springer Spaniel' in a light blue color. The chart is framed by a decorative border of repeating 'English Springer Spaniel' text in a dark blue color.
