

PEDIGREE

UH HRCH QUARTERMOONS BUCKWHEAT GOLD CD MH WCX Golden Retriever

The pedigree chart is a horizontal tree diagram. It starts with a single line on the left that splits into two main branches. Each main branch further splits into two sub-branches, and each of these sub-branches splits again into two more sub-branches, creating a total of eight final slots for recording names. The lines are thin and black, and the background has a light blue diamond pattern.
