The pedigree chart is a standard dog pedigree template. It features a central vertical line representing the subject, with four horizontal lines extending to the left and right, each leading to a box for the first generation. From each of these boxes, two lines branch out to the left and right, leading to boxes for the second generation. This pattern continues for the third and fourth generations, with each box in the third generation branching into two lines for the fourth generation. The chart is designed to be filled out with the names and registration numbers of the dog's ancestors.
