The pedigree chart is a horizontal tree diagram. It starts with two main horizontal lines on the left, each representing a parent. From each parent line, a vertical line descends to a horizontal line, which then splits into two diagonal lines. These diagonal lines connect to two more horizontal lines, representing the parents of the first generation of puppies. This pattern repeats for the second generation, with each of the four horizontal lines from the first generation splitting into two more horizontal lines. The chart is designed to record the lineage of a dog, with each horizontal line representing an individual dog in the pedigree.
