

PEDIGREE

COUNT AXEL VON WALLERSTEIN SN60633308

German Wirehaired Pointer
Male

The pedigree chart is a standard format for recording the lineage of a dog. It consists of a central subject, Count Axel von Wallerstein SN60633308, who is a German Wirehaired Pointer Male. The chart shows a central subject with two parents, each of whom has two parents, resulting in eight grandparents. The chart is a standard pedigree format with horizontal lines for individuals and vertical lines for mating and descent.
