```

The pedigree chart for Tiger Dee Whiz shows a male American Brittany dog. The chart is a horizontal flow diagram starting from the left with the name 'LITTLETONS ROCKYISAWHIZ'. This name is connected to a vertical line that splits into two horizontal lines. Each of these horizontal lines then splits into two more horizontal lines, creating a total of four lines. Each of these four lines then splits into two more horizontal lines, creating a total of eight lines. Each of these eight lines then splits into two more horizontal lines, creating a total of sixteen lines. The lines are connected by horizontal lines, forming a series of 'V' shapes that represent the pedigree structure.
