

PEDIGREE

REDBEARDS PICTURE OF LILY

English Cocker Spaniel
Female

The pedigree chart is a horizontal tree structure. It begins with a single line on the left representing the subject, Lily. This line branches into two lines representing her parents. Each of these parent lines further branches into two lines representing their parents (Lily's grandparents). This pattern continues for a fourth generation, with each line from the third generation branching into two lines for the fourth generation. The chart is designed to be filled in with names and other details for each individual in the lineage.
